- 1) 225th ACS National Meeting (3月) New Orleans, LA
- 2) AIChE Spring National Meeting (3 - 4月) New Orleans, LA
- 3) The Green Chemistry and Engineering Conference: Practical Applications in Coatings, Resins and Plastics (4 - 5月) Boston, MA
- 4) International Symposium on Green Chemistry (Renewable Materials)(5月)Politiers, France
- 5) 1st Conference on Green Chemistry in Poland (7月) Wroclaw, Poland
  - Essence of green chemistry
  - Reproducible raw materials for the clean chemistry
  - New green chemicals and materials
  - Multiphase catalysis
  - Green solvents
  - Processes with a diminished load to the environment
  - Processes with a diminished energy requirement
  - Utilization of microwave heating
- 6) Pan-American Advanced Studies on Green Chemistry (7月) Montevideo, Uruguay
- 7) 6th Green Chemistry Summer School (8 - 9月) Venis, Italy
- 8) 226th ACS National Meeting (9月) New York, NY
- 9) 2nd Brazilian Symposium of Environmental Engineering “ Green Chemistry ” (10月) Santa Catarina, Brazil
- 10) 7th International Conference on Carbon Dioxide Utilization (10月) Seoul, Korea
- 11) Super Green 2003 (11月) 名古屋  
2nd International Symposium on Supercritical Fluid Technology for Energy and Environmental Applications
- 12) 5th IUCT Green Chemistry Conference (11月) Barcelona, Spain
- 13) Crystal Faraday ' s Research Workshop: Alternative & Renewable Feedstocks (11月) Rugby, UK
- 14) Indo-US S&T Forum Workshop on Green Chemistry (11月) Delhi, India
